Amiri cannot keep spells in her deck between scenarios.

Amiri is a fierce tribal warrior from the rugged clans of the north. She claimed her oversized bastard sword as a trophy after single-handedly wiping out a band of frost giants. When she returned to her people, she discovered her raid had been meant to be a suicide mission—a punishment for consistently one-upping her tribe's male warriors in battle. In a rage she slaughtered her traitorous comrades, then forsook her homeland to make her own place in the world.
